## Benefits / Advantages

There are many benefits, which you can draw, once you enter into a business liaison with U.P. Filament. Few of them are listed below :

- ★ Excellent quality
- ★ Available in bulk quantity
- ★ Prompt Delivery
- ★ Strict Quality Control

## Packing categories

### A. Corrugated box Packing

Corrugated Cardboard Boxes are completely recyclable in nature that makes them eco-friendly. They are light weight and thus are very convenient to handle while packaging, loading and unloading. Quality and Safety is ensured while despatching the material.

### B. HDPE Packing

Another cost effective packing is HDPE PACKAGING. It has the best Moisture retention property thus saving the material from any outside weather conditions. Its low cost nature makes it highly preferable choice in packing. Quality and Safety is ensured while despatching the material.
